

Benefits

09/08/2023 3:34 pm PDT

Use the benefits tab to showcase all your group has to offer.

The benefits tab is a dedicated space to display your group's partners, playlists, and merch. Every benefit has a summary, direct link, and discount code storage for your members.

In addition, each benefit has its own dedicated [chat](#). In the benefit chat, members can convene and make the benefit interactive. Whether it's sharing photos, product reviews, or asking questions, the benefit chat keeps the benefit relevant over time and helps members get more out of your group benefits.
